

WOBURN READS 2014

A Community-Wide Reading Event

March 26, 2014

Dear Jessa,

The Friends of the Woburn Public Library would like to thank you for participating in the “Woburn Reads” program of 2014. Your presentation of Mrs. Isabella Stewart Gardner is a delightful complement to this year’s “Reads” selection, The Art Forger by Barbara Shapiro. Your reenactment of Belle expands the breadth of our program through historical research and dramatic performance. Narrating episodes of her life, describing her luminous circle of friends, and relating her achievements brings insight into a woman who had a passion for art and who was most unique for the times.

The presentation of the arts, of all varieties, is an important element for enriching a community. The opportunity to showcase such creative skills and interests is beneficial to all. We appreciate your willingness to help us in this endeavor, and for participating in this year’s “Reads” program.

Thank you again for bringing the charming Mrs. Isabella Stewart Gardner to the Woburn Public Library.

*Sincerely,
Friends of the Woburn Public Library*
